1

Notes:

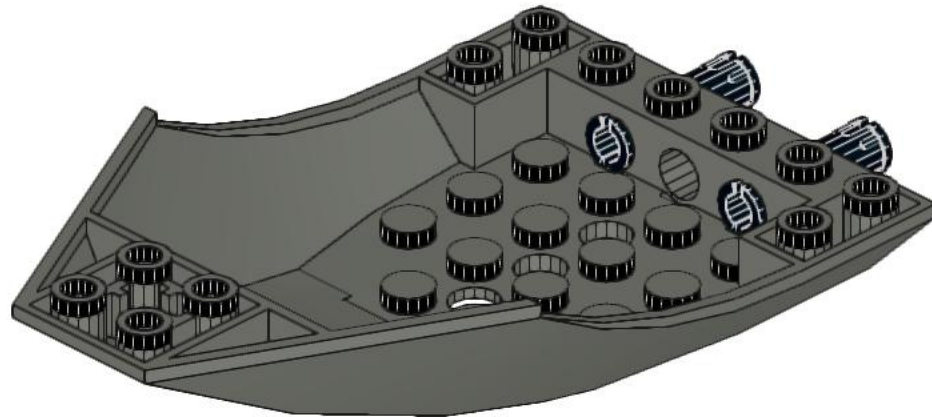

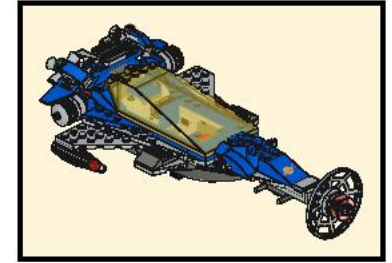

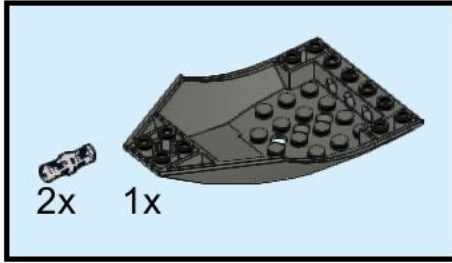

Instruction made in Studio. Not all parts exist in this program: stickers, bendable grey springs (on the image), prints on bricks.

Check original 70816 Benny's Spaceship for parts list. This is alternative model, built only from these parts.

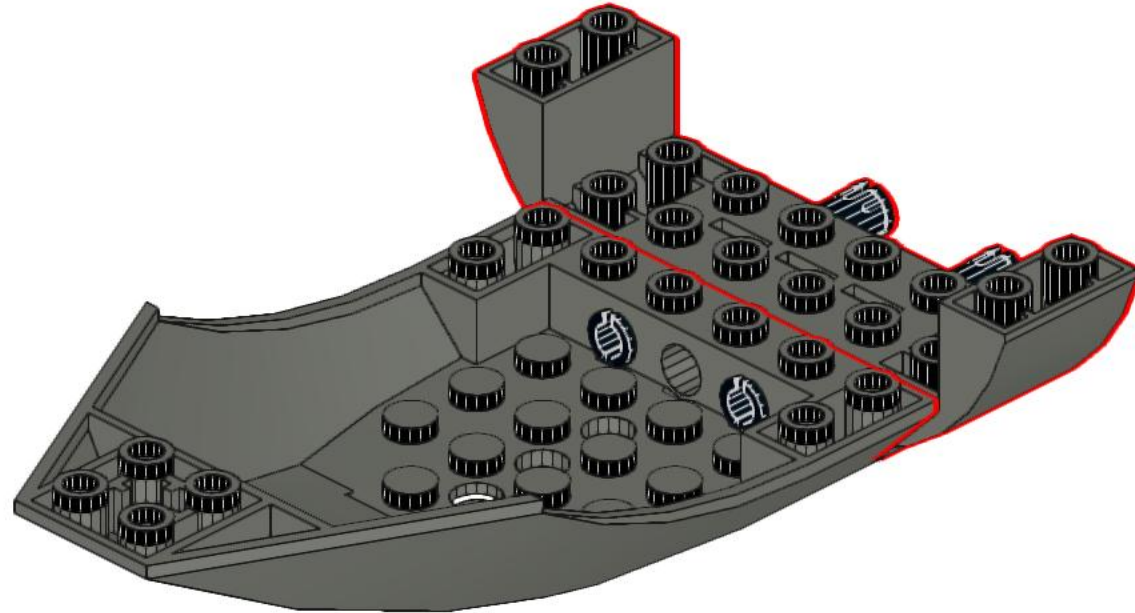

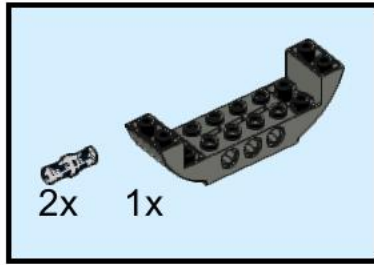

You can see few more photos on flickr: <https://www.flickr.com/photos/pturecki/16028690103>

Have fun!
